Motion to approve minutes from July 20, 2022, motion to accept the minutes by Ron Taylor, Seconded by Renee Zelt. All in favor. Motion carried.

Account Ledger received and filed.

Terry let the board know how it went today with the brush hogging on the berm. The board was presented with picture that were taken today on the cutting. Terry will have Lucy call and find out how much it cost. Ron Taylor expressed that we could borrow money and Terry said we could borrow from the revolving fund if needed and replace it after the assessments are received.

Casey gave his report on the lake. They did an algae treatment last week. The lake is looking better then usual. We will do a treatment if the money is there, and the lake needs it. Casey would wait to see if it requested. Casey stated the first Phoslock treatment changed the way the algae was growing. He felt a second treatment would do wonders. Terry let the board know we brushed hog where the boat launch was also. Rain run off can cause algae blooms. Carolyn will call the drain office and let us know if the lake will need a treatment or not. Lucy will then call Casey and let him know. Treatment will be around \$200.00. Discussion on needing more boat traffic.

Lucy requested that a decision needed to be made on how we are going to do the assessment, keep it the same or add to it. There was discussion on what to do and what needed to be done. If we added, then we would need to hold a Day of Review for the increase. It was decided to keep it the same.
